

Year 8 (Cohort 2022) Key Stage 4 (KS4) Pathway Summary

We will offer two pathways that will give pupils a strong core curriculum, a range of additional key qualifications and an option of their choice.

Pathways are decided based on a combination of pupils' prior attainment (KS2 SATS) and their scores from internal assessments.

Success in either pathway will allow pupils to progress onto further education or enter the workplace.

Each pathway will give pupils an excellent suite of qualifications allowing them to progress into any area they would like in the future.
